DETAILED ACTION

Priority

Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Information Disclosure Statement

The information disclosure statement (IDS) submitted on 1/20/04 has been considered by the examiner.

Allowable Subject Matter

Claims 1-22 are allowed.

The following is an examiner's statement of reasons for allowance: Japan document 11-295633 discloses an image forming apparatus comprising an image forming unit having a photosensitive body, and an optical scanning device. The optical scanning device includes a polygon mirror having a plurality of reflection surfaces each has a writing region (31b) available for forming an electrostatic latent image on the photosensitive body and a non-writing region (31a) unavailable for forming an electrostatic latent image (Figs. 1 and 2). The Japan document 11-295633 fails to teach or suggest "the writing image region being divided into a first reflecting section having a first reflection factor and a second reflecting section having a second reflection factor lower than the first reflection factor" as recited in claims 1, 21 and 22, lines 9-12, 13-17 and 15-19, respectively.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to James Phan whose telephone number is (571) 272-2317. The examiner can normally be reached on Monday-Friday.
